Above The Call Of Duty is the debut album from Vancouver hip hop/rap artist and performer Fallan Soldier. The on point album features 12 songs including the single "Fights". Fallan Soldier's verbal energy and high quality lyricism coupled with a broad range of solidly layered music has created a collection of songs that expand the boundaries of hip hop and rap.

Fallan Soldier emotionally infuses his music in a take no prisoners approach that creates compelling and provocative songs such as in "A Big Front", "The Edge Of Disaster", "Blood On The Pin", "Suppressed" and his anthem, "Fallan Soldier". He is able to inject hope, wit and inspiration into the mix in "Fights", "Hands Up High", "60 In The Tank", "You Were Alive" and "Against Me" while offering a more laid-back, seductive take on life in "Morning" and "At Night".

Recommended single is "Fights" track 5.
